

IN THE DRAWINGS:

The enclosed replacement sheets replace the original sheets containing Figures 1, 6, 7 and 8. As indicated in the enclosed annotated drawing sheets, Figure 1 is amended to modify text associated with reference number 17. Figure 6 is amended to delete reference numbers 71' and 87' because these numbers are not mentioned in the specification, and is also amended to add reference number 43' which was inadvertently omitted from the original drawing. Figures 7 and 8 were amended to delete reference numbers 74', 75', 78' and 80' because the numbers are not mentioned in the specification.

REMARKS

The above amendments are intended to correct typographical errors in the claims and in the specification and do not affect the scope of the claimed invention.

REJECTION UNDER OBVIOUSNESS-TYPE DOUBLE PATENTING

In response to Examiner's rejection of claims 19-38 under judicially created doctrine of obviousness-type double patenting, Applicant's attorney submits herewith a Terminal Disclaimer in compliance with 37 C.F.R. § 1.321(c), to overcome rejection on a nonstatutory double patenting claim. A Credit Card Payment Form (PTO-2038) is also attached herewith, authorizing the Commissioner to charge \$65.00 to cover the filing fee for the Terminal Disclaimer.

1 CONCLUSION

2 Claims 19 through 38 are pending in the application.

3 The Applicant believes the application is now in condition for allowance with Claims 19
4 through 38. Should the Examiner feel that any issue remains as to the allowability of these
5 claims, or that a conference might expedite allowance of the claims, he is asked to telephone the
6 undersigned attorney.
